OK. But those changes won't affect what you've suggested as the lat/long and the address, correct? So I can go ahead and have SEMS updated?

Hi Lorie,

The lat/long seems to coordinate with well SIGW-06 which is an observed release well (with PFOA at 610 ng/L).

Please see Nancy's response in blue below to your comments on the street address and the lat/long. If this is OK, we'll revise the info in SEMS and pull a new reference.

Thanks!

Lorie
